VeloFringeAdelaide

@Velo_fringe

WELCOME

Welcome to South Australia's newest festival, Velo-fringe.

Velo-fringe has an eclectic mix of events designed to highlight what's great about bike riding. There's

something for everyone and most events are free.

Bike riding is healthy, sustainable and rewarding mode of transport and Velo-fringe is helping to spread that message.

So show your support for cycling. Get involved in this exciting new festival either by hosting an event or participating and watch out for more bike riders on the streets - especially during the three weekends of the festival.

Jay Weatherill MP
Premier of South Australia

Welcome to the City of Adelaide's very first Velo-fringe Festival, a celebration of everything that's great about cycling.

Running in conjunction with the Velo-city Global Adelaide 2014 conference, Velo-fringe is just like the Adelaide Fringe – but for bikes.

With nearly 30 events programmed, the festival will help the community understand the diversity of bike riders and raise awareness of bike riding. This in turn will encourage more people to see that anyone can hop on a bike and give it a go, which will be good for our health, our well-being, our roads and the environment.

I'm also very pleased to have my own event in the program. 'Cycle My City' (see page 9) is a free bike tour where I'll be taking riders to some of my favourite places in the Adelaide. Please sign up, I look forward to meeting you!

Thanks for supporting Velo-fringe – you're going to love it.

Stephen Yarwood
LORD MAYOR

OPENING NIGHT

With around 30 events in the Velo-fringe programme, there's sure to be something for everyone: bikes festivals here in the city and the Barossa Valley, rides to the beach, rides to the hills, rides to discover indigenous culture. There's card making workshops, performances and film screenings... there's even bike-themed Scrabble!

So join us on Friday 16 May as we launch Adelaide's newest festival - a festival dedicated bikes and bike-riding culture. It's sixteen days of two-wheeled fun and creativity.

There are three ways to celebrate. Go on a wild ride through the city in the Velo-fringe parade, pushing off from Victoria Square/Tarntanyangga at 6.15pm and arriving at the State Library at 7pm, in time for the festivities of Velorama. Or head to the Convention Centre for the opening of the Design-Cycle exhibition and the official opening of Velo-fringe 2014. All these events are free to attend or participate in!

VELO-CITY GLOBAL

Velo-city is the world's premier international cycling planning conference. The four day event offers delegates from around the world a chance to share best practices for creating and sustaining cycling-friendly cities, where bicycles are valued as part of daily transport and recreation.

This will be explored through three key themes - setting the stage, tales worth celebrating and celebrations to come.

For more information, see www.velo-city2014.com.

Lock in the Love

Adelaide Convention Centre,
North Terrace, Adelaide

Throughout Velo-fringe, we're asking everyone to 'lock in the love' for cycling and for Adelaide becoming a bike friendly city.

Your support will ensure the Heart Foundation are able to continue their vital work.

Want to get involved? It's easy, for a \$10 donation to the Heart Foundation, you can lock in your love for cycling, mark a milestone or dedicate your heart to a loved one. Simply write a message onto a silver heart and lock onto the installation. Hearts and locks are available from the Adelaide Convention Centre throughout Velocity.

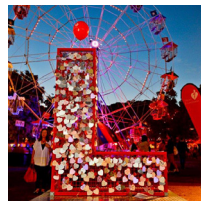

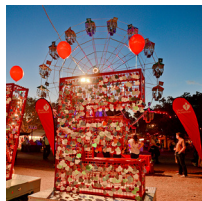

Then why not take a selfie and tweet, Instagram or post to spread the love to your friends and join the conversation using our hashtag #lockintheLove.

Why are we doing it?

For over fifty years, the Heart Foundation has been dedicated to saving lives by making a difference to the heart health of all Australians. Donations from the community help to fund vital research, develop guidelines for health professionals, support patient care and help Australians to live healthier lifestyles.

With heart disease the single biggest killer of South Australian men and women, claiming 1,955 lives in 2011, there is still much to do. The majority of Heart Foundation funding comes from kind individuals like you, so your generous gift is critical to ensuring they can continue their vital work.
